Room for rent with a shared bathroom in a charming and cozy bungalow. My home is a short drive or a 25 minutes walk to One Center Yoga through downtown Asheville. The room has a queen sized futon with a comfortable mattress and enough room to have a meditation or asana practice. In the warm months, I do my yoga practice on my back deck which you would be welcomed to use. I have a cat and keep my home tidy. I also have a full kitchen, washer and dryer that you may use. I am a private mental health therapist and have gone through a yoga teacher training so I have some of the books that you may want to borrow. I am only renting to yoga students as we already have like-interests. Contact me at jennfieldman@gmail.com for availability. The rent is \$50 per night.

Private yoga room with private bathroom that is a very short drive or a 25 minutes walk to One Center Yoga through downtown Asheville. The room has a new queen sized futon with an excellent mattress, a perfect spot to do yoga with futon up or down, an altar to facilitate your practice, and a bookshelf full of yoga and spiritual classics. House is

old, but in decent shape, with a great front porch. As this is my yoga room, I am only interested in renting it to yogis here in Asheville to study and grow spiritually. The house is all hardwood floors, and I have a great cat named Pippen. I am a school teacher and a long time yoga practitioner. Contact me at <mailto:andrewsaldino1@gmail.com> for availability. The rent is \$50 per night.
